SYNTHETIC TEST DOCUMENT - Customer Complaint Report

Customer: Hanbit Motors (fictional) Contact: J. Park, Incoming Quality

Customer reference: HM-CC-2026-0417 Issued: 2026-10-29

Part: PCB-ECU-200 rev C Delivery: 2026-10-20 Found: 2026-10-28 at incoming inspection

Phenomenon: open solder joint on U7 pin 3 after reflow (customer visual inspection).

Our engineers think this is likely caused by insufficient solder paste on your line.

Request: containment within 24 hours and an 8D report. Please reply by Friday.

LOT (customer)	Serial range	Defective qty	Unit
